I enjoy winter holidays, because they unite the whole family together. These like ^{are} New Years Eve and others. I like visiting new places, because I discover something new there, and because of the experiences. I don't usually travel on holidays, though sometimes I do travel, for example a vacation, or a tournament. However my dream holiday is in the summer, and I have a couple reasons. The reasons are: lots of travel potential, because it's the perfect time to go into a foreign country, to relax on a beach or research it's history, and also it is the longest holiday, that gives you plenty of time to do things you love.

I had watched a film right before I saw this notice. That's a sign that I need to write this review! The film is called "Major Grom: Plague Doctor". I think this is one of the best films I've ever seen. Let me tell you about it.

This film shows us two policemen and a journalist trying to solve a crime. As the plot progresses, they meet other characters that have significant roles. A social network finder and his bodyguard for example. The main idea of the film is simple, but there are many interesting and unique twists. I also want to mark how good the special effects are! They were made so realistic you feel like the movie is real. As well as the special effects, the film's cast is amazing. Everyone fits their role perfectly. It makes characters look so different and recognisable. Every actor in this film has done a great job.

In conclusion, I think everyone should give it a try. Maybe this film will become someone's favourite too!

Lots of films are made every year. They have different plots and themes, mysterious special effects and actors. Every film finds its own fans and has an effect on them.

As for me, I've seen the film "Beetlejuice" by Tim Burton recently. It has impressive atmosphere like other Tim Burton's films. This film consists of ~~two~~ parts. The first was made in 1988. By the way, they both showed us the life after death, ghosts and unusual human capabilities. The films teach us to value our relatives and friends, trust them and not to leave people in troubles.

You should remember that life can end at any moment and it's necessary to spend more time with really important people, support each other and share your love.

Monica Bellucci had a role in this film. She was a negative character which has been won in the end of the film.

The whole film has animation^e and special effects like in cartoons. It was incredible for me because it adds^{er} extra ~~vibe~~ ^{vibe}.

To sum up, "Beetlejuice" is a gorgeous film with magnificent storyline, talented actors and ~~significant~~ ^{significant} themes made by genius Tim Burton.

I'm going to tell you about the "Harry Potter" films I've watched recently. The films are based on novel "Harry Potter" which tells readers a story about the boy (Harry Potter himself), who survived a dreadful spell Avada Kedavra and was forced to eliminate dark wizards and fight Dark Lord in his future.

The films contain lots of special effects which allow you to dive deep in the atmosphere of the wizard's world. The soundtrack is also magical and perfectly describes the and fits the plot. Directors have done a great work on choosing actors as well. Every actor does his work so good, so you can't even tell they are playing.

In conclusion, I ^{would} ~~would~~ recommend watching Harry Potter to anyone who has children or a child himself, or loves fantasy. And to adults who is finding Harry Potter childish, I strongly say to learn to read between the lines. There is a lot of hidden meanings!

Good Evening,

my name is Dmitry, your regular reviewer.

Today my attention was caught by the sight of a recently released "Film of the year" magazine. I have decided to watch that film and give you my review on it.

First off, we have to talk about actors that were participating in that film. I was, honestly quite surprised to hear that James Cameron and legends of film industry Leonardo DiCaprio having the main roles in that film. But if you thought that was over then you are absolutely wrong! Donald Trump is also part of the film, although just as a cameo, but it's still noteworthy.

What I didn't like, though, was special effects. Special effects felt cheap, to be honest, but who cares about that? Let's instead talk about plot of the film. In this film, Detective Richard, played by Leonardo DiCaprio is investigating paranormal activity in a hotel, where people are going missing. I won't spoil the film, but this backstory alone explains everything.

As final words I must say that I RECOMMEND this film to everyone.

thank you for reading!

Film of the year

Recently I have seen an interesting film. I went to the cinema, so I have watched it in 3D, and it was the best decision. I am sure, I am right that you have already know the title name. It is a "Deadpool"

What can I say about this film? It was perfect. The main role is played by my favourite actor. He is good at his job. The plot is much better, than in the first film about Deadpool. Even at the end the main plot made me cry. Special effects are also getting better and better. There are a lot of fighting scenes that make you feel thrilled while watching. The biggest reason that makes me adore this film is a jokes. You can hear the funniest jokes almost every five minutes of the film.

I ~~can recommend~~ totally recommend this film for you to watch. It is not only about fights, but also about love. The film only seems to be funny, but it has a big moral in the plot.

I have seen ~~any~~ new film recently. What about a review of the film I have watched, it's so excited and interesting for me.

I can't give many information about actors, but I can say that they should know their doing and ~~go~~ show their emotion very ~~good~~ well of characters. I think special effects can be something middle things, wich will decorate atmosphere.

It should not be so boring and so bright. Moreover people will excite these, but they won't forgive about plot.

Plot is important thing in a film. It can be about something interesting story, for example, mysterious story or ~~story about~~ fantasy story about space.
